For an Unforgettable Experience

This grandiose yet intimate theatre opened in 2020 as Niagara Falls’ largest entertainment venue. The audience is never more than 150 feet away from the action on stage and the 5000-seat theatre is outfitted with state-of-the art technology. Ontario Lottery and Gaming Corporation (OLG) wished to create an axis of gaming, hospitality and entertainment in downtown Niagara Falls by adjoining the Entertainment Center to the Hilton Fallsview Hotel & Suites (Hospitality Resorts) which is situated directly across the street from the Fallsview Casino.

Hospitality Resorts Inc. president Joe Dicosimo said “With the world-famous Falls behind us, known all over the world, the convention centre (and) all the great attractions that we built up over the years, this is the missing link.”

JOEL RIGGING is proud to have contributed to the Niagara Entertainment Centre’s audience experience by offering rigging systems that are comprised of the newest technologies available on the market.

JOEL RIGGING supplied and installed the following equipment:
