

2020 NOUVELLE MAISON DE RADIO-CANADA

MONTREAL, CANADA
MOTORIZED RIGGING - CURTAINS & TRACKS
- PIPE & TENSION GRIDS - SAFETY EQUIPMENT
PERMANENT INSTALLATION

A NEW ERA OF BROADCASTING

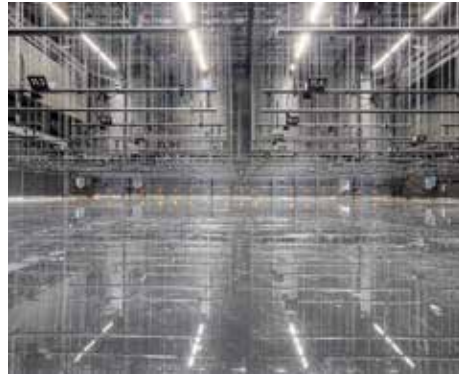

The Société Radio-Canada is emblematic by the quality of its television productions. **JOEL RIGGING** and **SHOWSDT** recently completed one of their most important collaborations to date, namely, La Nouvelle Maison de Radio-Canada. It is the broadcast headquarters, studios and master control for all French-language radio and television services of the CBC / SRC including its flagship station CBFT. It is also the main studio for Montreal's local English-language CBC services and the headquarters of Radio Canada International, the CBC's digital international broadcasting service.

AREA OF EXPERTISE

Market(s): TELEVISION / FILM

- Design
- Fabrication
- Installation

We are very proud of our participation in the realization of the main television studio. For the latter, we collaborated on the integration, supplied, and installed a large portion of state-of-the-art rigging and drapery equipment:

EQUIPEMENT

- **84 motorized battens:**
 - Vortek model winches manufactured by ETC
 - Speed of 30 feet/minute
 - Winches of either 650 lbs or 1150 lbs capacity
 - Safety factor 10: 1
- **Control system:**
 - ETC Foundation Console and Wireless Controller
 - 1 single system to operate the 84 battens
 - Leading edge multi-user system
- **Power distribution:**
 - 2 types of spring-driven cable reels per batten
 - 208 V, 120 V and CAT 6 power outlets
 - Allows smooth movement of cables with the battens
- **Scenic curtain system:**
 - Crescent IFR Velvet curtains
 - Curtain track switcher system

We also supplied additional equipment for the various other studios, such as the grids, cable trays, stage curtains, etc.

The entire **JOEL RIGGING - SHOWSDT** team was pleased to offer modern, high-performance rigging for the studios of the Nouvelle Maison Radio-Canada that will greatly improve the work and safety of its technicians.
